Objective :

I'm applying for an internship opportunity. I've built projects focused on frontend development and have a good understanding of programming languages. I'm eager to apply my skills in a real work environment, contribute to meaningful tasks, and continue learning through hands-on experience.

Education :

United Institute of Technology, Prayagraj

2023 - Present

B.Tech in Computer Science

CGPA - 6.7

Jawahar Navodaya Vidyalaya

Senior Secondary (XII) | CBSE

66.4 % | 2023

Secondary (X) | CBSE

76.4 % | 2021

Projects :

Netflix Clone | React, JavaScript, HTML, CSS

2024

- Built a responsive frontend application replicating Netflix UI
- Implemented reusable components and dynamic content rendering
- Followed component-based architecture for scalable UI development

Travel Website | HTML5, CSS, JavaScript

2025

- Developed a fully responsive travel and tour booking website using HTML5, CSS3, and JavaScript
- Designed and implemented dynamic UI components to showcase tour packages with structured layouts
- Applied responsive web design principles to ensure cross-browser and mobile compatibility
- Organized clean, maintainable code with proper file hierarchy and reusable styling components

Technical Skills :

Languages: C, C++, Python, JavaScript

Web Framework: React, Django

Databases: MySQL

Tools: Git, GitHub, VS Code

Core CS: Data Structures and Algorithms, OOPs, DBMS, OS, Computer Networks

Training :

Machine Learning Training

EngineerCore (in association with IIIT Allahabad)

Jul–Aug 2025

- Learned and implemented regression and classification algorithms using Scikit-learn
- Performed data preprocessing, feature engineering, and model evaluation techniques

Python for Data Science

Aug 2024

United Global Infoservice Pvt. Ltd.

- Applied data analysis and visualization using Pandas, NumPy, and Matplotlib
- Completed hands-on project demonstrating end-to-end data processing workflow

Certifications :

- Python with Data Science – Data analysis using Pandas, NumPy, Matplotlib
- Machine Learning – Regression, classification, clustering techniques
